mixing/production  
scoring/transcribing  
MIDI*

\*Online activities can be helpful to the music education process but must be used and monitored properly.  
Always encourage the use of safe and legal activities and check with parents and school district/company policies when using online media.

**HUDSON MUSIC™**

TIP (Teacher Integration Program) has been developed by Hudson Music to help music teachers learn how to utilize and integrate all forms of educational media—allowing their students to develop further and faster. Membership in this exciting new music education program is free.
